# KEY LOOKS

# TERRAIN COLOUR STORY

Terrain palette introduces Russet and Brick as rich earthy tones that work well across all categories. Mushroom offers an easy to wear neutral, combined with Black as a new Outerwear colour. This story creates easy to wear combinations with a relaxed lifestyle feel.

# FUTURE COLOUR STORY

Future palette introduces Blue Indigo and Airforce. These soft blues feel fresh yet familiar, creating classic head-to-toe outfits with a lifestyle feel. Add soft Limelight pops within Polos and Mid-Layers to create a technical edge for a more dynamic on course look.

# BEYOND COLOUR STORY

For Autumn / Winter 2024, we introduce two new shades, Blue 24 and Inky. Blue 24 provides a vibrant technical shade to work with the softer navy toned Inky, within our new Norse collection. These shades work together across all categories to create an easy technical palette.

# HERITAGE COLOUR STORY

The Heritage palette continues to offer the most commercial colours for essential winter golf. For AW24, we add Rock, as a neutral shade to help create a timeless colour palette that can be paired with Black, White and Navy.

# KEY LOOKS

# TERRAZZO COLOUR STORY

This natural palette of warm Auburn, Sand and Antique White, guarantees versatility and timelessness. The Terrazo inspired print provides fabric interest in a micro scale, combining all the colours of the palette making it easy to co-ordinate and layer within the collection.

# MONOGRAM COLOUR STORY

This collection features a new signature print which provokes a feel of timeless luxury. We have combined the 'P' and 'G' from the women's PING logo to create a feminine monogram that features in a repeat pattern and decorative zip pulls. The colour palette is warm and autumnal with the focus on a spectrum of reds, from dark and rich Tibetan Red, bright and orange toned Cayenne through to the brighter tone of Poinsetta. This palette can also be warmed up with the neutral shade of Sand.

# DIFFUSED FLORALS

## COLOUR STORY

Focusing on aqua tones of green - dark and sophisticated Emerald and sporty, bright Dynasty Green are both supported by the softer shade of Mint. We have combined these shades along with white to create a Diffused Floral print pattern to create a larger scale abstract floral, that can mix and match with other Navy, White and Quiet Grey styles within the AW24 collection.

NOTES

PLEASE NOTE: Products marked with "●" have limited stock available.

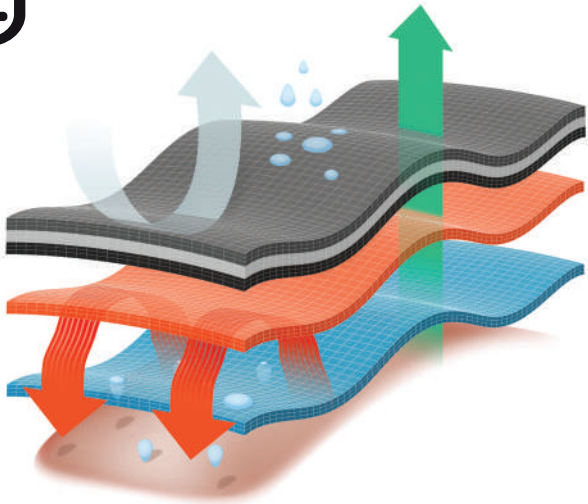

SENSOR TECHNOLOGY

The Sensor platform from PING is an innovative performance fabric technology system designed to ensure that every garment worn is specifically engineered to respond to the body's requirements and demands of the game, maximising playability whatever the conditions.

sensorcool®

- MOISTURE MOVEMENT
- QUICK DRY
- CREASE RESISTANT
- STRETCH

Worn next-to-skin, moisture-moving technology draws perspiration away from the body keeping you dry for complete comfort in play. Crease Resistant for a tailored look with low maintenance. Stretch fabrics cut and engineered to move with your game.

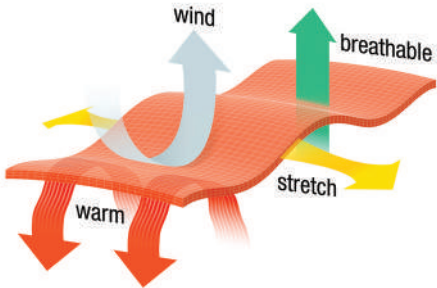

SENSORCOOL technology can be found in PING next-to-skin products.

sensorwarm®

- WIND RESISTANT
- WATER RESISTANT
- THERMAL
- STRETCH

Thermal layer to trap warm air and resist wind-chill, keeping you warm with minimal weight. Breathable fabrics ensure warmth with complete comfort. Stretch fabrics cut and engineered to move with your game.

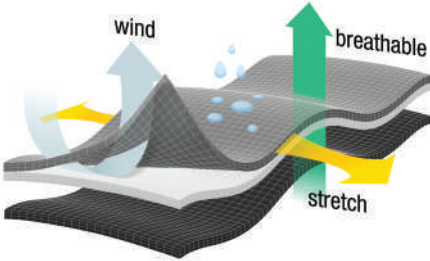

SENSORWARM technology can be found in PING mid layers and certain outerwear.

sensordry®

- WATERPROOF
- BREATHABLE
- WINDPROOF
- FULLY SEAM SEALED
- STRETCH

Ultimate waterproof and windproof protection from all the elements. Air permeable ensuring true breathability. Cut in lightweight and noiseless fabrics for no distraction in play. Stretch fabrics cut and engineered to move with your game.

SENSORDRY technology can always be found in PING waterproof outerwear.

MERINO WOOL

This luxurious, machine washable, natural active fibre reacts to changes in body temperature, keeping the wearer warm in cool conditions, while moisture movement allows the body to breath in warmer conditions. Naturally odour resistant with stretch and crease resistant properties.

SORONA® AURA

Sorona® Aura is a premium, lightweight and breathable insulation made with Sorona® partially plant-based polymer, designed to keep the wearer warm in cold conditions.

TEKfit® by Talon®

Tekfit® waistband technology is designed for enhanced comfort. This cutting-edge innovation provides up to 2" of additional waistband stretch, for a more comfortable and flexible fit that enables a greater range of movement and an increased freedom of motion.

PRIMALOFT®

PrimaLoft® Black Insulation ThermoPlume®

PrimaLoft® Black Insulation ThermoPlume® is comprised of small, silky plumes of fiber that mimic the lightweight warmth and softness of natural down. A special blend of PrimaLoft® proprietary fibers delivers the performance features you need – insulating loft, wet weather protection and compressibility – in an all-synthetic package.

PrimaLoft® Silver Insulation Active

PrimaLoft® Silver Insulation Active is designed to regulate your comfort level during the round, while offering performance without compromise. Millions of air pockets trap body heat for comfort in cold conditions and a permanent water-resistant technology provides warmth, even when wet.
