engineered to play™

 **ping®**

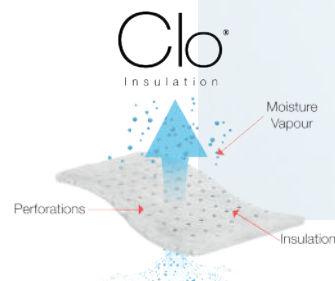

ELEMENTS

THIS SEASON WE TACKLE THE ELEMENTS HEAD ON. The unpredictability of autumn/winter golf puts more demand on getting your apparel right, so you can stay focused come wind, rain or shine.

engineered to play[®]

Featuring high performance garment insulation, Clo[®] Insulation brings ultimate comfort by creating the perfect balance between warmth and breathability in the most extreme conditions.

THERE'S MORE TO WATERPROOFS than just being able to handle a downpour. That's why our designers have carefully considered lightweight breathable fabrics with comfort and stretch in mind, so golfers can swing freely with no distractions.

M/04

W/32

OUR WOMEN'S GOLF apparel combines versatility, softness, and style to transition seamlessly from the course to everyday wear. Designed with soft, flexible fabrics for unrestricted movement, our range offers a flattering fit and elegant design details. Functional and fashionable, it ensures golfers feel confident, comfortable and ready for any occasion.

FROM COMFORTABLE moisture-wicking baselayers, to thermal layering pieces and technical waterproofs, take confidence in knowing that our apparel is engineered to play, whatever the weather, so you can favour the elements.

GLOBAL

This palette centres around earthy mid-toned greens, Dark Olive and Lichen, shades that offer golfers versatile pieces with year-round appeal. Used predominantly across outerwear and hybrid jackets, these greens can be paired with Black for a stronger youthful/technical look. Sunburst provides a pop of colour in branding, polos and accessories.

SEASCAPES

Optimistic and fresh new blues arrive for AW25, creating coordinating layers across hybrid jackets and mid-layers, easily worn both on and off the course. These denim inspired blues are paired with white grounds to intensify the colour on polos. Softer pastels, Crystal Blue and Ultra Pink, offer fresh summer options within polo prints.

A LUXURY FEEL**

FROZEN GLACIER

The Frozen Glacier palette showcases crisp shades like Crystal Blue, Opal, Oasis and Blue Fusion, paired with Navy, White and Chalk for an elegant winter look. This palette includes two prints - the Shadow Floral Navy print; a stunning blend of depth and sophistication with a refined floral pattern, and the micro print featuring a small-scale star design; this subtle print adds a touch of texture for those who prefer a more understated look. Together, these prints complement each other beautifully, with the micro print enhancing the overall collection's elegance without overpowering it.

The Pink Haze palette offers a soft and elegant look, blending the delicate allure of Quartz, Muted Pink, and Rose, paired with the classic contrast of Black and White. This harmonious colour combination evokes a sense of softness and sophistication. Adding to its charm, the palette features a Shadow Floral print in Muted Pink, where the interplay of these subtle hues creates a captivating, shadow-like effect. This print enhances the overall aesthetic, injecting the collection with a sense of depth and elegance. Together, these elements create a beautifully serene collection, perfect for those who appreciate a sophisticated and soft look.

SENSOR TECHNOLOGY

The Sensor platform from PING is an innovative performance fabric technology system designed to ensure that every garment worn is specifically engineered to respond to the body's requirements and demands of the game, maximising playability whatever the conditions.

sensorcool®

- MOISTURE MOVEMENT
- QUICK DRY
- CREASE RESISTANT
- STRETCH

Worn next-to-skin, moisture-moving technology draws perspiration away from the body keeping you dry for complete comfort in play. Crease Resistant for a tailored look with low maintenance. Stretch fabrics cut and engineered to move with your game.

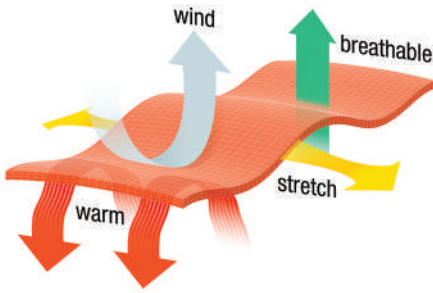

SENSORCOOL technology can be found in PING next-to-skin products.

sensorwarm®

- WIND RESISTANT
- WATER RESISTANT
- THERMAL
- STRETCH

Thermal layer to trap warm air and resist wind-chill, keeping you warm with minimal weight. Breathable fabrics ensure warmth with complete comfort. Stretch fabrics cut and engineered to move with your game.

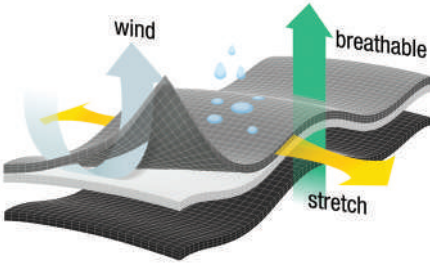

SENSORWARM technology can be found in PING mid layers and certain outerwear.

sensordry®

- WATERPROOF
- BREATHABLE
- WINDPROOF
- FULLY SEAM SEALED
- STRETCH

Ultimate waterproof and windproof protection from all the elements. Air permeable ensuring true breathability. Cut in lightweight and noiseless fabrics for no distraction in play. Stretch fabrics cut and engineered to move with your game.

SENSORDRY technology can always be found in PING waterproof outerwear.

PRIMALOFT®
THERMOPLUME®

PrimaLoft® Black Insulation ThermoPlume® is comprised of small, silky plumes of fiber that mimic the lightweight warmth and softness of natural down. A special blend of PrimaLoft® proprietary fibers delivers the performance features you need – insulating loft, wet weather protection and compressibility – in an all-synthetic package.

MERINO
WOOL

This luxurious, machine washable, natural active fibre reacts to changes in body temperature, keeping the wearer warm in cool conditions, while moisture movement allows the body to breath in warmer conditions. Naturally odour resistant with stretch and crease resistant properties.

Clo®
Insulation

Clo® Insulation is a manufacturer of high performance garment insulation, which brings ultimate comfort to the wearer by creating the perfect balance between warmth and breathability even in the most extreme conditions.

SORONA®
AURA

Sorona® Aura is a premium, lightweight and breathable insulation made with Sorona® partially plant-based polymer, designed to keep the wearer warm in cold conditions.
