PING LEGACY POLO

# LET'S TALK LEGACY

The PING Legacy Polo is steeped in history and honours the rich traditions and legacy of the PING brand. It pays homage to PING's storied history, merging a sophisticated jacquard design with modern craftsmanship. Step onto the course with a sense of pride and connection to the PING name and help carry the legacy forward.

# BOTANICAL

A cool sophisticated colour palette. Misty Green brings a fresh, sporty approach to the Spring/Summer season. This cooling mid-tone offers a contemporary edge when paired with darker Forest Green, the perfect transeasonal shade. Pair with White, Black and Greys for an easy-to-wear on course combination.

# DESERT ISLANDS

Key colours for Spring/Summer 25, Dubarry and Desert Flower have energising and feel good colour appeal and work well across all product categories. These shades work perfectly together within jacquard fabric patterns or can be used in a contemporary sporty way, when combined with Navy and White within a colour block style.

# DIGITAL PASTELS

Following on from last summer's hazy pinks we start to see spring pastels coming through. We introduce Purple Ash and darker contrast shade, Twilight, perfect for soft jacquards, shorts and mid-layers. Together these colours create cool head-to-toe dressing across polos and shorts, or can be paired with classic Navy and White.

# PERFORMANCE BLUES

Our new blue direction works as a colour story in its own right, or as part of the greater Heritage palette, which will also include our core colours. Ultra Blue is a strong cobalt shade which works beautifully with softer Cornflower Blue - these blues move away from the Aqua tone blues of previous seasons and move into red infused blues.

# SENSOR TECHNOLOGY

The Sensor platform from PING is an innovative performance fabric technology system designed to ensure that every garment worn is specifically engineered to respond to the body's requirements and demands of the game, maximising playability whatever the conditions.

## sensorcool®

- MOISTURE MOVEMENT
- QUICK DRY
- CREASE RESISTANT
- STRETCH

Worn next-to-skin, moisture-moving technology draws perspiration away from the body keeping you dry for complete comfort in play. Crease Resistant for a tailored look with low maintenance. Stretch fabrics cut and engineered to move with your game.

SENSORCOOL technology can be found in PING next-to-skin products.

## sensorwarm®

- WIND RESISTANT
- WATER RESISTANT
- THERMAL
- STRETCH

Thermal layer to trap warm air and resist wind-chill, keeping you warm with minimal weight. Breathable fabrics ensure warmth with complete comfort. Stretch fabrics cut and engineered to move with your game.

SENSORWARM technology can be found in PING mid layers and certain outerwear.

## sensordry®

- WATERPROOF
- BREATHABLE
- WINDPROOF
- FULLY SEAM SEALED
- STRETCH

Ultimate waterproof and windproof protection from all the elements. Air permeable ensuring true breathability. Cut in lightweight and noiseless fabrics for no distraction in play. Stretch fabrics cut and engineered to move with your game.

SENSORDRY technology can always be found in PING waterproof outerwear.

## ICON KEY

## MERINO WOOL

This luxurious, machine washable, natural active fibre reacts to changes in body temperature, keeping the wearer warm in cool conditions, while moisture movement allows the body to breath in warmer conditions. Naturally odour resistant with stretch and crease resistant properties.

## SORONA® AURA

Sorona® Aura is a premium, lightweight and breathable insulation made with Sorona® partially plant-based polymer, designed to keep the wearer warm in cold conditions.

## PrimaLoft® Black Insulation ThermoPlume®

PrimaLoft® Black Insulation ThermoPlume® is comprised of small, silky plumes of fiber that mimic the lightweight warmth and softness of natural down. A special blend of PrimaLoft® proprietary fibers delivers the performance features you need – insulating loft, wet weather protection and compressibility – in an all-synthetic package.
